map of the proposed Mattapoisett Conservation Commission beach. The ribbed area, running in an arc from Depot Street west to Reservation Road denotes the proposed beach. Most of this area is former Railroad right of way which is 90 ft. wide.

Two small sections, one at the foot of Reservation Road, the second at the Goodspeed Island end would have to be acquired. The proposed access road to the beach would run along the old railroad embankment from Depot Street west to the beach. This embankment would be lowered and widened to accomodate a two-lane road. The estimated cost of this road would be $8,000. If approved, this would permit access to the beach from the center of town without disturbing the Reservation Golf course.

Perhaps this map will be useful in helping to define the areas covered by the article in the warrant. It might be helpful also to save the map for reference at the Town meeting.

JUNIOR GRANGE HAS 30th BIRTHDAY

Mattapoisett Junior Grange No. 43 celebrated its 30th birthday anniversary Friday night. This Junior Grange is one of 4 of the oldest Granges in Masssachusetts, having held its high standards in the 30 years of growth. Whitman Junior Grange would have held the highest years' record as it

was organized in 1917 but in 1922 was declared dormant and was reorganized in 1948.

Of the many Junior Granges organized in Massachusetts, Mattapoisett Subordinate Grange is proud that the Junior Grange they sponsor is still one of the top ones in the State. Thirty years of continued youth work by the Grange has been a worthwhile project, and very fruitful to the community as well as the Grange.

William Sylvia, Jr. the now presiding Junior master is following the footsteps of 23 past masters with Clifford Tripp, Jr. as the first master in 1935.

At the anniversary Friday night the worthy master, Sylvia, lighted the 30 candles around the birthday cake as the past masters' names were read by the acting secretary, David Roberts.

Lecturer, Joseph Alves, opened the program by presenting a newly organized orchestra with Heather and Kimberly Lenz, Mark Harris and William Sylvia taking part.

RALPH C. DUNN DIES

One of Mattapoisett's best known citizens, Ralph C. Dunn, passed away on Sunday, February 14th. Mr. Dunn was stricken by a heart attack and died instantly as he was backing his car from his garage in mid-morning. The sudden and tragic news stunned his many friends for Mr. Dunn had always been robust and active. He retired last October from his Real Estate and Insurance business which is now owned by Giles H. Dunn, his younger son. Since retirement, Mr. Dunn has worked around his Point Connett Home and he and Mrs. Dunn were planning a trip to Europe starting in May.

Mr. Dunn was very widely known and respected and bears one of the original Mattapoisett names. He had a great influence in shaping the Town in his many active years in the Real Estate business. The extensive Dunn Farm at Point Connett, he developed to form an entire community of summer and winter residences.

He also has been active in the banking business as a member of the Board of Directors of the Wareham Cooperative Bank. He was also actively engaged in managing his real estate properties in the town.

Mr. Dunn was one of the first commanders of the Florence Eastman Post, American Legion of Mattapoisett, and he arranged for the sale of the land from the railroad where the post hall stands. He was also a member of the Matta-

poisett Grange.

He is survived by his widow, Mrs. Rita Dunn, two sons, Charles B. Dunn and Giles H. Dunn, four grandchildren, all of Mattapoisett, and one sister, Mrs. Carrie Manchester of Fairhaven.

The funeral will be held from Wilson's Funeral Home, New Bedford, this Wednesday, February 17th, at 1 P.M.

IWO JIMA TO BE COMMEMORATED

Governor John A. Volpe has proclaimed Friday, February 19, as "Iwo Jima Day" in commemoration of the gallantry and sacrifice of the U. S. Marines in the battle for Iwo Jima. February 19th is the anniversary of the Iwo Jima landing.

On "Iwo Jima Day" Marine veterans of the Iwo campaign will raise the American flag in front of the State House in Boston in the morning and lower it in the evening. A detail of marines from the U.S.S. Boston will provide an honor guard at the ceremonies, and anyone who wishes to pay tribute to the Marines who fought and died in that battle is invited to attend.

ANITA MASTERSON TO WED ROBIN CLOUSER

Mr. and Mrs. Earl Masterson of Mattapoisett and Newtonville announce the engagement of their daughter, Anita Rose, to Robin Adam Clouser, son of Mr. and Mrs. Roy A. Clouser of Havertown and East Stroudsburg, Penna.

The prospective bride, a former Miss Lexington, is a graduate of Staples High School in Westport, Conn. and of the John Robert Powers finishing school in Boston. She is presently a Dean's List student in her senior year at Boston University and is a member of Alpha Sigma Alpha social sorority.

Her fiance is a Ph. D. candidate having recently earned an A.M. in Germanic languages at the University of Pennsylvania. He is an alumnus of Haverford High School, Havertown, Penna. and Ursinus College, Collegeville, Penna. He is a member of Delta Phi Alpha, honorary German fraternity.

The wedding is planned for June 12 at the Bryn Mawr Presbyterian Church, Bryn Mawr, Pennsylvania.

SPONSOR TICKETS FOR LECTURE

Sponsor tickets for the lecture and films on "Four Against Everest" by Dr. Woodrow Wilson Sayre are now available from any Girl Scout of Cadette Troop 49, or they may be obtained by calling 758-3856 or 758-3581. This nationally known author, philosopher, educator and amateur mountain climber will be presented on Friday, April 9, at 8 P.M. in the Gilbert Bristol auditorium of Old Rochester Regional High School.

Due to the many requests received by local merchants and townspeople for advertising at this time of year, it has been decided not to solicit ads for a program book for this event. It is hoped, however, that encouragement will be given the troop in the form of purchase of sponsor tickets. The cost of these tickets is only slightly over that of regular admission, entitling the sponsor to two tickets and listing on the program.

This small group of Scouts and their advisers are committed to a financial obligation in order to bring an evening of outstanding and worthwhile entertainment to this area. Sponsors will encourage their efforts.

Mrs. Donald Wood is in charge of tickets as-

REPORT OF ELEMENTARY SCHOOL CAPACITY AND ENROLLMENT SURVEY COMMITTEE TO SELECTMEN OF THE TOWN OF MATTAPOISETT, MASSACHUSETTS. JANUARY, 1965

APPOINTMENT AND SCOPE OF COMMITTEE FUNCTIONS

In accordance with Article 3 of the 1963 Town Warrant, voted affirmatively, the Board of Selectmen did appoint a five-member Elementary School Capacity and Enrollment Survey Committee "to determine the present and probable future enrollment of pupils in the grades one through six in the town, the probable need for additional classrooms for the forenamed grades, and to submit a report of its findings to the Annual Town Meeting in 1964, or to take any other action relative thereto". Said Committee recommended that the Town of Mattapoisett take immediate action in preparing for the anticipated grade school enrollment increase. It recommended in its 1963 report that a new committee be appointed "to prepare preliminary plans and estimates for the necessary additional elementary school facilities". Such a committee was appointed and met for the first time on April 24, 1964, at the Town Hall. This Committee includes the Elementary School Principal, and a member of the Board of Selectmen, School Committee, Finance Committee, Planning Board, and five members at large. Mr. Harris Murray was elected Chairman; Mr. Harold Banks, Treasurer; and Mrs. Horace Darrah, Secretary. A report of the findings and deliberations of this Committee follows.

ENROLLMENT PROBLEM

The report of the 1963 Elementary School Capacity and Enrollment Survey Committee highlighted the "serious concern" of the Mattapoisett School Committee over the growth of school enrollment in grades one through six. It was noted that during the period from 1951 through 1959, eight years, pupil enrollment at Mattapoisett Center School increased by 48. However, during the next four years, 1959-1963, registration increased by the same number of pupils in half the period of time. This alarming acceleration in school population growth prompted the Mattapoisett School Committee to renovate a basement area to be used as a special classroom. Additionally, in this year's school budget, funds have been earmarked for the renovation of another area to be utilized as a fourth first-grade classroom beginning September, 1965. Neither of these classrooms meets the minimum construction or ventilation requirements set by the State and are therefore being used only as a temporary measure to handle the expanded population. By September, 1965, Center School's enrollment will reach its fullest capacity.

Using the current enrollment figures and the past evidence of enrollment increases, it is estimated conservatively that by September, 1967, there will be approximately 550 to 650 children enrolled in the Mattapoisett Elementary School system. This will create a need for 25 to 29 classrooms, 6 to 10 in addition to those now being used to almost total capacity.

FACT FINDING

This Committee's thinking has been predicted on this need for 6 to 10 additional classrooms by 1967. It has considered carefully and evaluated three alternatives which the Town might take to meet adequately the anticipated demands for this much needed classroom space.

Alternative I: Double Sessions

Essentially, double sessions involve rescheduling of classes in order that existing physical facilities can be used for approximately twice the capacity of a school's normal enrollment. In effect, this would mean that one-half of the pupils would attend school in the morning and early afternoon, and the other half would attend in the afternoon and early evening. Members of the Committee rejected unanimously and overwhelmingly such a course of action for the following reasons:

1. The high operating cost in terms of teachers' salaries and administration would be substantially that of a new, separate school without the many advantages of the latter.
2. Double sessions have been tried in several communities and have worked hardship on those families whose hours of work and home supervision are arranged to coincide with a normal school day. This has meant that many young children have been left unsupervised during long segments of the day.

3. From the standpoint of education there are many disadvantages to both teachers and pupils brought about by a necessarily hurried educational program -- loss of pupil privacy, tight scheduling of classes, and elimination of a physical education and art program.

Alternative II: Alterations within or an Addition to the Present Center School Building.

Consideration first was given to the possibility of renovating the original school structure, and it was determined that this would be inadvisable, as little additional space would be obtained. The Committee was informed by the School Building Assistance Commission that any renovating would be done at the expense of the Town, with no reimbursement by the State for any structural changes within the framework of the existing building, with the exception of a new heating plant.

A second possibility would be to add physically to the present building a sufficient number of rooms to house the expanding school population. The Committee seriously considered this proposal since it was felt initially that it would save the Town money. However, upon investigation, factors were uncovered which caused the Committee to reject this proposal. In order to obtain reimbursement from the State, it would be necessary to meet certain minimum criteria including an improved sewerage disposal system, a new heating plant, an enlarged area for cafeteria feeding and an all-purpose physical education room. It was clearly evident to the Committee that the costs involves in this extensive construction would practically match the construction cost of an entire new school without having the many advantages of it.

The possibility of constructing additional classrooms without adhering to the minimum requirements set by the State was also seriously considered. If this were done, the State would not share the construction costs and the Town would have to bear the total cost of the new construction. The Committee discovered that the dollar cost to the Town for construction of the necessary ten-classroom addition without State aid would be almost identical to the Town's share of the cost of a completely new school.

Alternative III: A New Elementary School

The Committee rejected both the alternatives of double sessions and alterations to the Center School and proceeded to give its full attention to this alternative. To date it has accomplished the following:

1. The Committee has studied the school plant needs and unanimously agrees that there is need for a ten-classroom elementary school containing core facilities composed of a heating plant, administrative and health offices and a cafetorium (all purpose room).

2. With the assistance of the Superintendent of Schools and the Principal of Mattapoisett Center School, the Committee developed educational specifications for a ten-classroom school building, which have been approved by the School Building Assistance Commission.

3. The School Committee of the Mattapoisett Center School has approved the Committee's recommendation that the proposed new school house grades 4, 5 and 6, with the present Center School facilities containing grades 1, 2 and 3.

4. The Committee interviewed representatives from the following architectural firms:

Walter Gafney Associates
Perley F. Gilbert Associates, Inc.
Owen F. Hackett
Korsland, LeNormand & Quann
Stoner Associates
Tallman, Drake & Underwood
Knight, Bagge & Anderson
Drummey, Rosane & Anderson
Alger & Gunn
I. T. Almy

It voted unanimously to employ the services of Knight, Bagge & Anderson.

5. Working in conjunction with members of the Planning Board, the Committee studied areas of projected population growth to determine a suitable location for the proposed school. Members

of the Committee inspected several sites, and it recommends unanimously the purchase of the property described in Article 9 of the 1965 Town Warrant.

6. The Committee has obtained the services of Arthur C. Thompson and has directed him to make a site survey, appropriate borings and tests and to make his findings available to the architectural firm.

7. The Committee has requested the firm of Knight, Bagge & Anderson to complete preliminary plans and estimates in order that a detailed description of the proposed school might be ready for presentation to the Town at the time of the regular town meeting in March, 1965.

8. Should the Town approve the construction of a new elementary school, it is further recommended that the Board of Selectmen appoint a School Building Committee and give due consideration to re-appointment of the present members of this committee. Although there was some discussion that the School Building Committee might be more effective if it had fewer members, it was pointed out that the present committee had functioned very smoothly and that all members on it have considerable investment and interest in the construction of a new school if such construction is approved. This suggests that the larger committee might actually work out more effectively in this particular case.

In order to further implement the work and recommendations of this Committee the following articles are to be entered into the Warrant.

ARTICLES FOR MATTAPOISETT TOWN MEETING
WARRANT ON NEW ELEMENTARY SCHOOL

ARTICLE 8

To receive and act upon the report of the Elementary School Capacity and Enrollment Survey Committee appointed by the Selectmen under Article 46 of the 1964 Town Meeting Warrant.

ARTICLE 9

To see if the Town will vote to purchase for an elementary school building site approximately 20 acres of land located north of Route 6 and east of River Road and owned by Maud Austin; said tract of land presently being under option by Maud Austin to the Town and bounded and described as follows:

NORTHERLY by land now or formerly of John W. Nunes, measuring therein one thousand four hundred fifty-five (1,455) feet more or less;

EASTERLY by land now or formerly of the estate of Harold Mahoney, measuring therein six hundred ninety-five (695) feet more or less;

SOUTHERLY by land now or formerly of Neimad Club Home Corporation, Jessie M. Genesky, Emma T. Russell, Armand Texeira, John and Ruth Costa, Maud Austin, Shaw Street and the Fairhaven Water Company, measuring therein one thousand two hundred eighty-five and 04/100 (1285.04) feet more or less; and

WESTERLY by other land now or formerly of Maud Austin and Paul Leblanc, measuring therein seven hundred fifty (750) feet more or less.

And to appropriate a sum of money for said purchase, and determine how any such appropriation shall be raised, whether by taxation, from available funds in the treasury, by borrowing or otherwise, and if by borrowing, to authorize the issuance of bonds of the Town, and to take any action incidental to or connected with the foregoing.

ARTICLE 10

To see if the Town will vote to authorize the construction and original equipping and furnishing of a new elementary grade school on land located north of Route 6 and east of River Road to be acquired from Maud Austin, appropriate a sum of money for said purpose, and determine how any such appropriation shall be raised, whether by taxation, from available funds in the treasury, by borrowing or otherwise, and if by borrowing, to authorize the issuance of bonds of the Town, and to take any action incidental to or connected with the foregoing.

ARTICLE 11

To see if the Town will vote to authorize and empower the Elementary School Capacity and Enrollment Survey Committee, appointed by the Selectmen under Article 46 of the 1964 Town Meeting Warrant, to act as a School Building Committee and to enter into all contracts necessary to construct, equip and furnish a new elementary school and to define further the authority of said committee and to take any other action in connection therewith.

The Committee wishes to express its appreciation to the following individuals and town government bodies for their help and cooperation in making available facts and information which has been of great assistance to the committee:

The Board of Selectmen
The Planning Board
The Mattapoisett School Committee
The Finance Committee
Mr. Joseph C. Kunces, Superintendent of Schools
Mr. John Moynihan, Principal, Center School
Mr. William Black, Massachusetts School Building Assistance Commission

Respectfully submitted by the members of the Elementary School Capacity and Enrollment Survey Committee,

Harris M. Murray, Chairman

Harold Banks, Treasurer	David N. Haley, Jr.
Drusilla Darrah, Secretary	Ruth Heath
Howard Bates	William Matthews
Charles Crowley	John R. Moynihan
Dr. David Goodenough	Manuel Roza

HEART MONTH

Governor John A. Volpe has proclaimed February as Heart Month and February 28 as Heart Sunday throughout Massachusetts.

Urging generous contributions of funds and energy toward the success of the campaign, the Governor pointed out that heart disease annually brings "tremendous losses in life and health" to Massachusetts.

CONSERVATION COMMISSION REPORT
FOR ANNUAL TOWN REPORT

The undersigned, Conservation Commission, came into being in the Spring of 1964 and held 24 meetings by the end of the year.

Although mindful that its work is designed to cover many subjects, the Commission devoted most of its attention during the year to the preservation of marshlands, a project which is gaining Statewide momenutm, and to the acquisition of sorely needed shorefront area which can be converted to bathing facilities.

Letters and copies of the State law designed to prevent harmful marshland-filling were sent to owners of coastal wetlands in the town and discussions were held with several property owners concerning sale of their marshlands to the town.

The Commission feels the preservation of wet-

lands and acquisition of beachfront are two phases of conservation work of immediate importance to Mattapoisett.

Its members also feel work is going to have to be done in other fields soon in order that Mattapoisett keep pace with those communities with foresight which have gained a head start in the conservation field.

These include the adopting of a program designe to reduce the level of pollution entering town waters, the establishment of a town forest with nature trails, the implementation of a sound shell fish propagation program, under capable leadership and with stricter enforcement of shellfishing regulations, the preservation of the Mattapoisett River watershed to insure continuous supplies of fresh water needed, the preservation and marking of historical sites, the establishment of additional outdoor recreational facilities for the town's young people and the establishment of a wildlife sanctuary, possibly in the Haskell Swamp area.

The Commission seeks the support of townspeople in implementing its program and feels its goals will make for a better Mattapoisett.

We wish to thank the personnel in the Assessors' office and the Selectmen's office and the Town Clerk for their helpful cooperation.

ROCHESTER BOWLING LEAGUE, FEBRUARY 9

It was a quiet night in the Rochester Bowling League with only the moans for poor hits and the sound of leader stumbling being heard. Stu Lawrence toppled 396 pins for the Woodchoppers and a 2 to 1 win from Hartley's Garage. Wally Wojtkonski's 336, high for the Garage. Sturtevant & Hook took two points from Herb's T.V. Shop. Ronnie Secia's 349 paced the winners. Charlie Weller pegged a 365 for Hiller's Garage, but dropped 2 points to the Knotty Pine Cafe. Bob Jefferson led the Cafe with a 358. Bob Hartley found a groove to roll up a 387 for Hartley Saw Mill in a 2 to 1 match with Lloyd's Market. Ed Graham's 338 was tops for Lloyds.
